Port of Oakland – Fiscal Year 2014-15 Responses (Supplement)

Response to Question #3c:

The Port's capital improvement expenditures in 2014-15 exceeded \$250,000, and in FY 2015-16 it is anticipated that they will again exceed this amount. Below is a link to the Port's web page for financial documents, where the FY 2015-16 Budget Summary may be accessed.

Response to Question #3d:

The Port of Oakland (Port), pursuant to a Memorandum of Understanding (MOU) between the Port and the City of Oakland (City) dated July 1, 1983, as amended and supplemented, reimburses the City for the operation and maintenance of Lake Merritt (a tidelands grant area). The reimbursement includes the costs for grounds and facilities maintenance, security, algae control and recreational services. The amount paid is limited to the lesser of actual costs or a maximum amount set forth in the MOU that adjusts each year by CPI. In FY 2015, the reimbursement to the City for Lake Merritt expenses was \$1,165,523.

In the course of normal business, the Port also periodically disposes, donates or sells miscellaneous obsolete, worn-out and broken property as well as capital equipment. In FY 2015, capital disposed capital equipment included (i) a fire truck; (ii) and a surplus airframe on which Oakland Airport firefighters simulated rescues. In aggregate, the Port netted approximately \$352,000 from the disposition of this property.

Response to Question #4:

At the end of 2014-15 this amount was \$198.9 million, while at the end of 2013-14 (or the beginning of 2014-15) it was \$202.5 million.
